MOM FRIENDLY. DAD READY.™

Exclusive Sedona Ready to Finish Island Packages are complete, including the island

SEDONA BY LYNX™

MOM FRIENDLY. DAD READY.

All Sedona by Lynx™ products are designed with the family in mind.

Quality materials. Fine craftsmanship. Innovative features and technology. These attributes have earned Lynx products a reputation for excellence among outdoor-dining enthusiasts.

Created by a team with decades of experience meeting the demanding requirements of the commercial restaurant industry, Lynx products have always been designed to combine high performance and luxurious appearance with long-term durability for reliable year-round grilling.

The Lynx commitment to continuous innovation has introduced numerous industry firsts. Including a hood assist kit that makes raising and lowering the grill hood effortless. ProSear infrared burners that allow unprecedented variable temperature control. Advances such as these have made the Lynx name synonymous with the best in outdoor cooking. And they make Sedona by Lynx™ an exceptional value for those in search of much more than an ordinary grill.

SEDONA BY LYNX™ — WELCOME TO A HIGHER STANDARD

In this fast paced, plastic, disposable, and throwaway world, it may seem normal to replace your grill every few years. Rust, decay, and breakage happen, right? Especially if you live in cold winters, hot summers, high humidity, or near salt water. No wonder more than half of all grill purchases were to replace a worn out grill.

The time has come to break this mold: Sedona by Lynx™. With a lifetime warranty against rust, Sedona grills and island accessories are manufactured by the Lynx Grill specialists in Southern California. Combining the latest technology with old world pride, each Sedona grill has the meticulous fit and finish and long lasting materials that have made Lynx the favorite of outdoor kitchen enthusiasts for decades.

Expanding your living space to include your backyard is such a logical step. Everyone wants to be outdoors with nature. We spend too much of our lives indoors. So, friends and family, pull up a chair, relax, and get ready to share a great dining experience outdoors with Sedona by Lynx™.

UNIQUE PROSEAR TECHNOLOGY PROVIDES VARIABLE TEMPERATURE CONTROL

PROSEAR VARIABLE SEARING TECHNOLOGY FROM SIMMER TO SEAR

- Unlike many grills with infrared searing burners that only offer two settings – hi or off – the Lynx ProSear infrared burner is variable
- You can sear a baseball-cut filet mignon restaurant style, then throttle back to cook delicate seafood like scallops
- This is the acclaimed ProSear burner for which Lynx has been known for years
- Lifetime Warranty

PROFESSIONAL CHEF FEATURES AND BENEFITS

The innovative features, unparalleled performance and superior craftsmanship of Sedona by Lynx™ Grills are available in 24", 30", 36" and 42" configurations for built-in or freestanding applications.

18-SR STAINLESS STEEL BURNERS

Durable stainless steel tube burners positioned under briquettes ensure instant ignition with steady and even heat distribution

Lifetime Warranty

SUPERIOR FIT AND FINISH

All stainless steel construction

Continuously welded joints for quality, strength and beauty

Finished seams with finely polished edges

CONTROL KNOBS ILLUMINATED WITH BLUE LED LIGHTS

Each knob features dedicated LED lighting

Knob markings can easily be viewed at night

Single switch activation

INTERNAL HALOGEN GRILL SURFACE LIGHT

Effectively illuminates the entire grilling surface using a heavy-duty Pyrex® glass lens directly over the grilling surface

10 watt halogen light

PROFESSIONAL CHEF FEATURES AND BENEFITS

SPARK IGNITION SYSTEM

Reliable spark ignition

Activated by burner control knobs

Battery back-up in event of a power failure

CERAMIC RADIANT BRIQUETTES

Specially designed high-density ceramic

Even heat across the entire grilling surface

Briquettes are clipped in place to facilitate easy reversible cleaning

Enhances food's flavor as drippings hit the briquettes and impart flavor back into the food

STAINLESS STEEL GRATES

Heavy-duty electro-polished stainless steel grates

TEMPERATURE GAUGE

Indicates when your grill is ready for cooking

Large and easy to read

Temperature gauge indicates internal temperature for indirect cooking

PROFESSIONAL CHEF FEATURES AND BENEFITS

INSULATED BULLNOSE

Safe to touch when grill is hot

ROTISSERIE SYSTEM WITH REAR INFRARED BURNER

Rotisserie models include a rear infrared burner

L700 42" Grills - 14,000 BTU

L600 36" Grills - 14,000 BTU

FINALLY, AN AFFORDABLE OUTDOOR KITCHEN SOLUTION

Ready To Finish (RTF) Island comes prepared for the 30" L500 Grill and door drawer combination. 36" and 42" configurations require a few additional cuts by homeowner or contractor to remove additional panels for placement of grill and door drawer combination.

EASE OF ASSEMBLY

The ready to finish island is designed for easy delivery and fast assembly. The island can be assembled within 30 minutes by two to three people.

AFFORDABILITY

Whether you're interested in just the island or in one of the full packages that Sedona by Lynx is offering, this solution will reduce the cost of building an outdoor kitchen by up to 60%.

NO COMPROMISE

The outdoor kitchen is an extension of your home. Finish the island to match the architecture of your home. Choose from a variety of packages and the grill size that suits you.

READY TO FINISH FIREPIT

Finish the firepit to match your backyard and outdoor kitchen.

UNMATCHED QUALITY

Framing made of galvanized steel and hardback board with Mold Block Technology. Each island is handcrafted and backed by a limited lifetime warranty by Lynx Grills.

FLEXIBILITY

Package includes a 30", 36", or 42" Sedona by Lynx grill, door drawer combination (LSA), double side burner (LSB502), trash center (L18TC), paper towel dispenser (L16TWL), double utility drawers (LUD519), and refrigeration (L500REF). Island is fully reversible from "L" left to "L" right.

MEET THE PROS

ANDRÉS DANGOND
DOWNEY, CA
LYNX EXECUTIVE CHEF, ONE
OF THE YOUNGEST MICHELIN
EXPERIENCED CHEFS

"The thing that blows my mind every time I turn on a Lynx Grill is how insanely hot it can get in a short amount of time. Realizing how fast it responds to heat adjustments when cooling it down for slow cooking after searing, or quickly heating up for reverse searing, made me realize we can almost forget everything we know about traditional grilling. These machines are perfect."

DEVIN ALEXANDER
LOS ANGELES, CA
MEDIA PERSONALITY, WEIGHT
LOSS EXPERT, CHEF ON NBC'S
THE BIGGEST LOSER

"I grill almost daily because grilling adds amazing flavor without adding the calories! I'm in love with my Lynx because it adds so much versatility and ease with an incredibly upscale look."

DONATELLA ARPAIA
NEW YORK, NY
IRON CHEF JUDGE AND
RESTAURATEUR

"My Lynx outdoor kitchen is beautiful, powerful and uses the latest technology. The grill cooks more evenly than any other grill and the made in America craftsmanship made it the only choice for me. There isn't anything I can't cook outside that I can inside. Our outdoor kitchen has become the heart of our home. It is perfect for entertaining and enjoying the beauty of the lake."

KEVIN GARVIN
DALLAS, TX
EXECUTIVE CHEF, NEIMAN
MARCUS RESTAURANTS

"I like to use my outdoor Lynx grill as often as I can and nothing is better than searing a nice New York steak at 500 to 600 degrees. Once both sides are seared I move the steak to a cooler part of the grill to finish cooking. It's that outside crispy char that I strive for all the time. Thanks for building the greatest grills in the world!"

GLENN LYMAN
CHARLOTTE, NC
PERSONAL CHEF TO HIGH
PROFILE ATHLETES

"When I think about time spent around the grill, I recall a lifetime of experience and quality time with family and friends. I cherish the memories of hanging out around the grill, sharing stories, swapping recipes, and making plans for the next gathering. Imagining the great taste and smell of grilled food sparks up nostalgia I will never forget. Thanks to the championship quality of Lynx, I have a real home-court advantage in the outdoor kitchen!"

MICHAEL SCHWARTZ
MIAMI BEACH, FL
CHEF/RESTAURATEUR

"I'm honored to be part of the Lynx Chef Panel and work with its innovative products. Grilling is one of the simplest ways to build flavor into a dish and has always played an important role in my approach to cooking."

KENT RATHBUN
DALLAS, TX
IRON CHEF RESTAURATEUR

"As a chef I have been fortunate enough to work with many brands of equipment but when it comes to outdoor appliances, I find Lynx to be the Porsche of outdoor kitchen products."

**ELIZABETH BLAU &
KIM CANTEENWALLA**
LAS VEGAS, NV
CHEF/RESTAURATEUR

"We are very proud to be joining the Lynx Chef Panel. Our Lynx grill is a key component to our entertaining success. We truly feel there is no competitor that can hold a candle to Lynx in terms of outdoor grilling."

FREESTANDING MODELS FOR MOBILE CONVENIENCE

Enjoy the advanced grilling technology and superior craftsmanship of Sedona by Lynx™ in a form that fits in any outdoor area—even small patios. Sedona Freestanding models offer a full range of grill sizes and convenience features. They also roll easily on heavy-duty castors so you can quickly reposition your grill or store it when you're not entertaining.

THE SEDONA ADA* COMPLIANT GRILL

Lynx is proud to introduce the first freestanding cart grill designed for individuals with disabilities. Yet another Lynx first, this ADA compliant unit is very accessible, extremely practical and has all the amazing features of the Sedona by Lynx™ Grill. Available in 30" and 36" freestanding cart sizes, with or without rotisserie option.

Meet Michael

The ADA grill is an achievement of passion, vision and a unique partnership that steered the grill's development. When the Lynx engineering team began designing the ADA grill, we knew we needed an authentic voice to guide its development. Through a mutual friend, we were introduced to Michael (out of respect for privacy, we refrain from including his last name). Michael is a C7 quadriplegic, having suffered a break in his 7th cervical spinal cord segment in a diving board accident that left him paralyzed from the chest down.

Michael was involved in shaping key features of the ADA grill; the propane tank holder, the insulated bullnose, and the grill storage system to name a few. We were happy to hear that core features of our Sedona by Lynx grills, such as the Lynx Hood Assist were his favorite features. Michael's contributions on improving the accessibility features of the ADA grill has been invaluable. His insight into the people and families that comprise the disabled community has had impact beyond measure.

We started out as partners. We are glad to call Michael a friend. Thank you for all your contributions Michael. We couldn't have done it without you.

BUILT-IN GRILL WITH INSULATING JACKET

Model	A	B	C
LIJ400	30"	11-5/8"	23-1/4"
LIJ500	36"	11-5/8"	23-1/4"
LIJ600	42"	11-5/8"	23-1/4"
LIJ700	48"	11-5/8"	23-1/4"

Note: Insulating jacket required for all grills installed into a combustible enclosure.

Note: For Natural Gas grills, Lynx recommends using 3/4" gas lines.

Note: Side burners may be rotated 90 degrees. See installation manuals for details.
